If the SMALL ENTITY is shown as YES, verify your current SMALL ENTITY status:

A. If the status is the same, pay the TOTAL FEE(S) DUE shown above.

DETAILED ACTION

Priority

Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Europe on 11/19/2003. It is noted, however, that applicant has not filed a certified copy of the original foreign application as required by 35 U.S.C. 119(b).

Allowable Subject Matter

Claims 9-23 are allowed.

The following is an examiner's statement of reasons for allowance: **The primary reason for allowance is that prior art does not teach a steam generator having a plurality of pipes connected together by fins wherein the diameter of the pipes in the top and bottom areas are different and thus form a funnel shaped side wall structure from the pipes and the outermost steam generator pipes have non-reduced diameters and non-reduced fin width while the inner most pipes have a reduced pipe diameter and fin width and pipes arranged between the outermost and innermost pipes form a transition where one end of the transition pipes are sized to accommodate the outermost pipes and the other end is sized to accommodate the innermost pipe.**

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

Applicant's arguments, filed 9/17/08, with respect to the Garkawe reference have been fully considered and are persuasive in view of the newly filed amendment dated 9/17/08. The rejection of Garkawe has been withdrawn.
